

WORKING WITH CHILDREN POLICY

As part of current legislation, there is a requirement of clubs that anyone who carries out “child-related work” must apply for a Working with Children Check. ** Please note a child is anyone who is under the age of 18**

This applies to:

- Volunteers and unpaid workers
- Paid employees
- Self-employed people

To bring our sport in line with this legislation, Netball WA has advised all associations ie KDNA, that clubs within the association need to ensure that all WWC records are completed and current. KDNA are liable to hold a register of names for all personnel holding a Working with Children Check.

For further understanding about should you need to apply please visit <https://workingwithchildrenwa.gov.au> Please also feel free to speak with our Administrator if you have any queries.

Netball WA require all personnel to be affiliated, these include non-player – umpires/coaches/volunteers. The benefits of being affiliated are as follows:

- Coaches are able to attend courses, seminars and other events
- Full professional indemnity insurance
- Full personal insurance

KDNA strongly recommends that clubs DO Affiliate ALL non-playing personnel as the is no cost for 2019.
