

HALF SEASON PLAYING FEE POLICY

HALF SEASON PLAYING FEE POLICY

The purpose of the half season playing fee is to allow for players that commence after Round 8 in a 15 week season. This leaves a total of 7 weeks of match play with an addition of the final's series if eligible.

The fee has been set to 50% of the current full season fees by KDNA

Should a player only play half season ie 7 games or less of competition match play due to injury/illness, KDNA will only charge them the half season fee.

Should a player be registered but not take the court, clubs are liable for de-registering them. KDNA promote the close of dates and each month thereafter deregistration's must be applied for directly to Competitions and/or Netball WA.

Clubs need to apply to the Board to request a half season fee charge with a description of why the individual should be given an amendment.
