Team Lists & Fill In Players

Team lists including fill in players for finals series must be sent to competitions by the dates below. Clubs who had players facing ineligibility for finals have been contacted and advised. Any player in a team (including fill ins) for finals, must have played for the club 5 times prior to the start of finals (by 26th August 2023). Please note; when team lists are submitted you must **list fill ins separately with division and team they are playing up from and why you need extra players**. In the spirit of the game stacking teams for the sake of it is not necessary at all and fill in players can only be utilised for teams that are short with injuries or players unable to play. Fill in players **must not** play more minutes than existing team members, eg you can't bring in a fill in and play them for a full game and sit a regular player on the bench.
